How To View The Associated Students' Information

A teacher can view only the students who are associated in a course the teacher is teaching. To view student information, navigate to:

**Menu >> Student >> Student Information **

A list of students will display. Click on the hyperlinked name to view the student details.

Under the Student Details, there are information categories as follows:

1. General Info
2. Address & Contact
3. Family Info
4. Comments
5. Documents

Click on the available categories to display relevamt information.
