Associate A Sibling

When there is more than one student from the same family attending one school, you can associate them as siblings. This allows the administrators to put the students on the same bus route.

Select a student's record and click on the family info category. Navigate to the Sibling Info tab. Click on **+ Add Sibling**

Search for the student to link as a sibling by entering key information.

Once the students are connected, it will look like this:

Revision #6
